

REMARKS

Claims 1-48 are now present in this application, with new claims 31-48 being added by the present Preliminary Amendment. Claims 1, 13, 26 and 29 are independent. It should be noted that the amendments to original claims 11 and 20 of the present application are non-narrowing amendments, made solely to place the claims in proper form for U.S. practice and not to overcome any prior art or for any other statutory considerations. For example, amendments have been made to remove multiple dependencies in the claims.

Again, all amendments are non-narrowing and have been made solely to place the claims in proper form for U.S. practice and not to overcome any prior art or for any other statutory considerations.

Conclusion

Accordingly, in view of the above amendments and remarks, an early indication of the allowability of each of claims 1-48 in connection with the present application is earnestly solicited.

Should there be any outstanding matters that need to be resolved in the present application, the Examiner is respectfully requested to contact the undersigned at the telephone number of the undersigned below.
